Excellent land with sea view in the Belanário

The location of this beautiful land is surrounded by the green of its nature and the blue of the sea, and its quiet.

It has great access and is located a few minutes from ribeira brava beach.

The parish of Campanário, with an approximate area of 11.80 km², was founded on May 15, 1515.

The name of the parish – Bell Tower, is due to an islet of two high legs, similar to a bell tower of a church, which is situated next to the coast.

Bellanário is a green parish with a splendid view of the sea and a strong agricultural tradition.

In this agricultural parish, Calhau da Lapa offers the visitor a bathing area known for crystal clear water and tranquility. Although the access is very steep, the place is highly sought after in summer, at which point some local visitors take the opportunity to stay overnight in the 'caves' (small partitions encrusted in the rocks) there. Alternatively, you can choose the boat to access this beach.
